

Introductory presentation for panel discussion

Resource Mobilisation and Knowledge Generation of IPSI

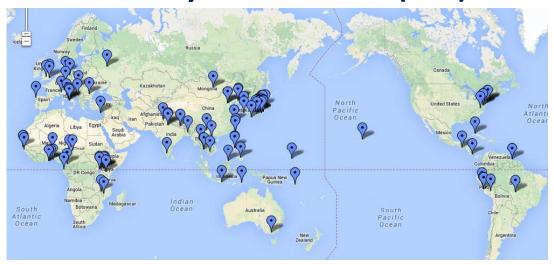

Wataru Suzuki, IPSI Secretariat
United Nations University Institute for the Advanced Study of Sustainability (UNU-IAS)
29 July 2015
ISAP 2015

The International Partnership for the Satoyama Initiative (IPSI)

A global partnership to work together to conserve and advance "socio-ecological production landscapes and seascapes (SEPLS)" for realising a "Society in Harmony with Nature". (167 members as of March 2015)

IPSI's framework to contribute to global agendas

Relevant global-scale agendas - SDGs Global - Aichi Biodiversity Targets - IPBES agendas **IPSI Strategy** - Vision: "Societies in Harmony with Nature" **IPSI** - Mission Strategy - Objectives **IPSI Plan of Action IPSI Plan of** - Priority Actions **Action** - Mechanisms to Implement **Priority Actions** - Monitoring, Reporting and **Evaluation**

- Case studies from IPSI members
- Compilation and analysis
- Made available through website

Indicator research

Knowledge Facilitation

Case studies

- Case study workshops and IPSI Public Forums
- Outreach events (ISAP, CBD)
- Website and newsletter
- Publications

Collaborations among members

- Funding mechanisms (COMDEKS, SDM, GEF-Satoyama project)
- **◆** On-the-ground projects
- Meetings

Meetings and communication

◆ IPSI Global Conferences, Regional Workshops, and training workshops

Capacity Building

Panel Session Structure

Panel Presentation 1

Ms. Yoko Watanabe

Secretariat of the Global Environment Facility

Panel Presentation 2

Mr. Yasushi Hibi

Conservation International

Panel Presentation 3

Dr. Prasert Trakansuphakon

Indigenous Knowledge and Peoples (IKAP)

Exploring key elements in the linkage between project financing and knowledge generation to support better management of SEPLS and to contribute for SDGs and other global agendas.
