

Looking at SDGs Through a Resource Lens

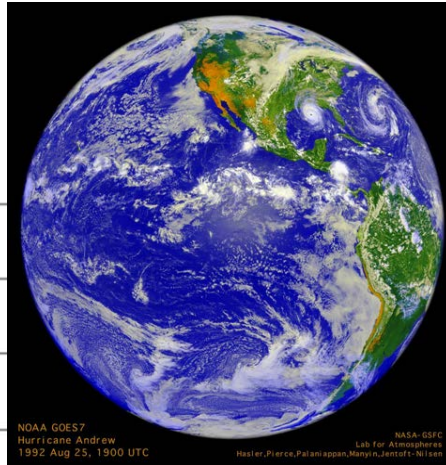

Background of Discussions TT7

Kazunobu Onogawa

Senior Fellow

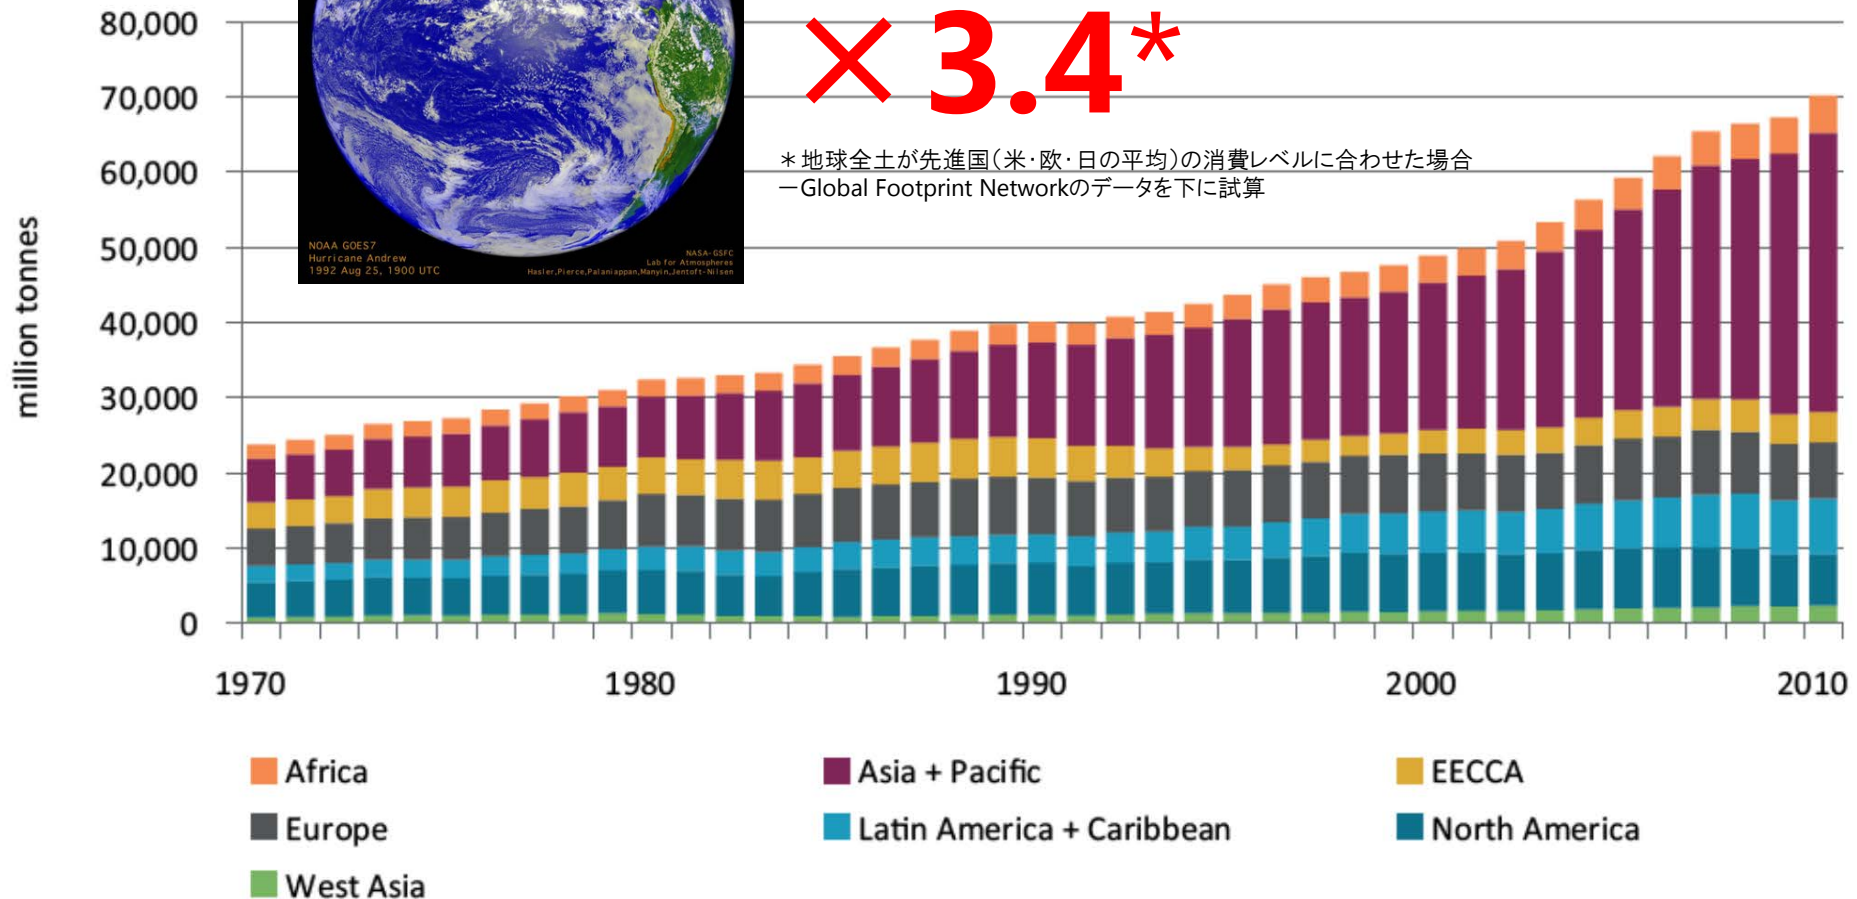

Asia and the Pacific is the center of resource consumption

× 3.4*

* 地球全土が先進国(米・欧・日の平均)の消費レベルに合わせた場合
—Global Footprint Networkのデータを下に試算

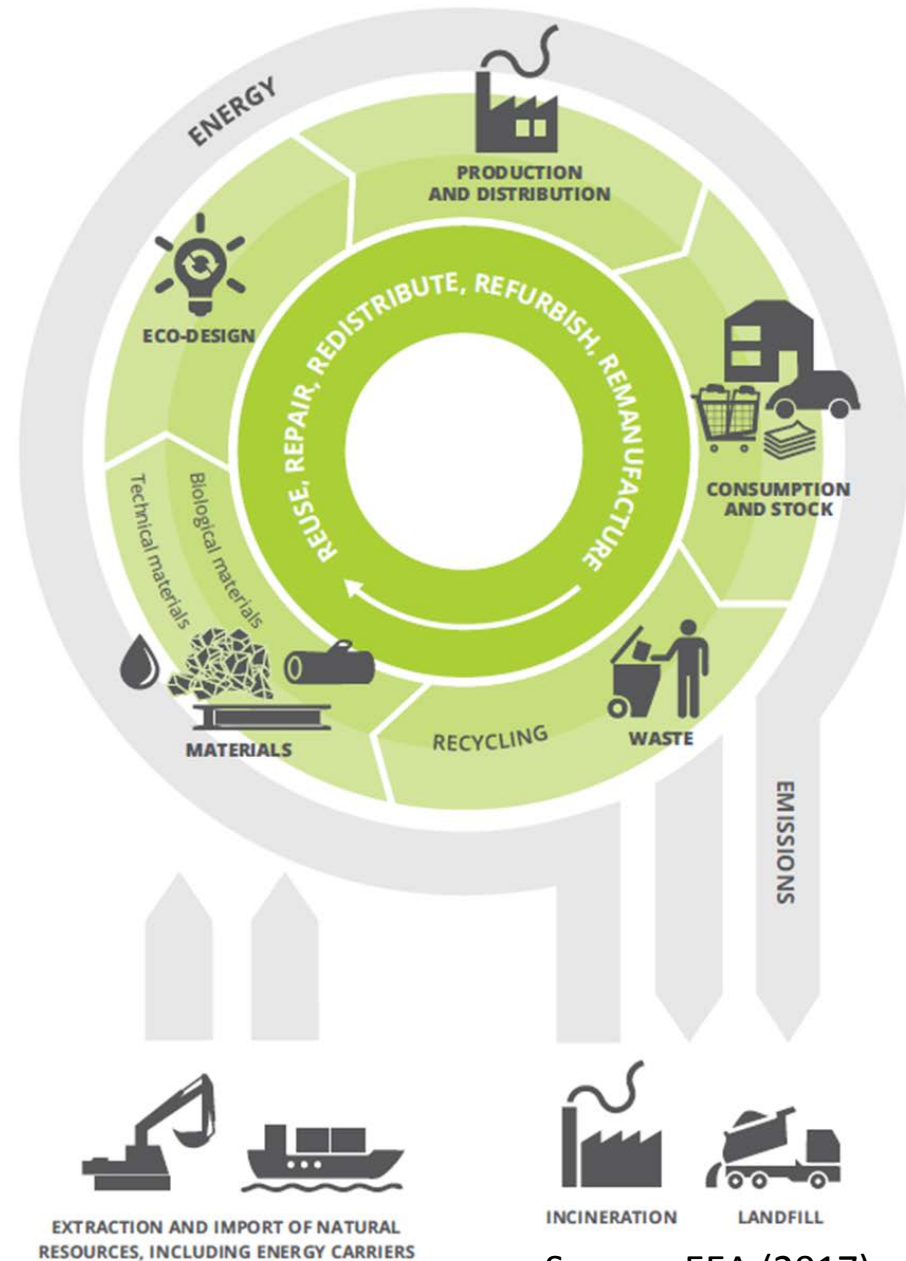

“Domestic Extraction (DE) by seven sub-regions, 1970–2010, million tons” Source: IRP (2017)

Increasing Needs for transition to Resource Efficient Circular Society

Reactions by international community already happen

- **SDGs (Goal 8 & 12)**
- **International Resources Panel (IRP)/UN Environment**
- **EC Resource Efficiency & Circular Economy**
- **G7/G20 Resource Efficiency**
- **National Action (Japan, Germany, China etc....)**
