Head - Climate Investment Funds
Tokyo 2018

CIF Overview

Climate Investment Funds (CIF) Snapshot

Overview:

- Since 2008, CIF has been the pivotal multilateral climate fund responsible for driving investments in renewable energy and piloting innovative approaches for sustainable forest management and climate resilience within the WBG.
- The CIFs have been highly effective in supporting climate-smart development in 72 countries, with more than \$8b pledged through four funding windows leading to \$58b in co-financing

CIF Portfolio Overview

	Pledges (\$M)	Committee approved funds (\$M)	MDB approved funds (\$M)	# MDB approved projects	Disbursed funds (\$M)
CTF	\$ 5,470	\$ 4,990	\$ 4,222	93	\$ 2,003
FIP	\$ 740	\$ 411	\$ 404	29	\$ 121
PPCR	\$ 1,150	\$ 978	\$ 966	60	\$ 310
SREP	\$ 760	\$ 410	\$ 289	25	\$ 50
Total	\$ 8,120	\$ 6,789	\$ 5,881	207	\$ 2,485

Results: to date, CIF projects have delivered -

- Over 41 million tons/CO2 reduced
- 1.3 million new electrical connections
- 3,950 MW of installed clean power capacity
- Over 3,000 GWh/yr energy saved
- Over 3 million ha of sustainable forest impacted
- Over 8 million people (4.3 million women) supported by PPCR activities and over 400,000 beneficiaries from sustainable forest activities
- 1,500+ customers and 500+ businesses benefitting from adaptation credit lines
