

An aerial photograph of Yokohama, Japan, showing a dense urban landscape with numerous skyscrapers and a large harbor area. The city is situated on a peninsula, with the harbor in the foreground and the city extending inland. The sky is clear and blue, and the water in the harbor is dark blue. The text "SDGs FutureCity Yokohama" is overlaid in large white letters with a black outline at the top of the image.

SDGs FutureCity Yokohama

30 July 2019

Eriko Yakushiji
Director General, Climate Change Policy Headquarters
City of Yokohama

Yokohama Overview

- **Area: 435 km²**
- **Population: 3.74 million**
- **Number of office: 110,000**

Yokohama, one of Japan's leading cities

Zero Carbon
Yokohama

- Revised “Yokohama City Climate Change Policy Plan” in Oct. 2018.
- New goal based on “ IPCC Special Report on 1.5 Degrees”

Zero Carbon Yokohama

We aim to realize carbon neutrality as soon as possible **aiming at 2050**

SUSTAINABLE
DEVELOPMENT
GOALS

Economy

Social

SDGs FutureCity
YOKOHAMA

Environment

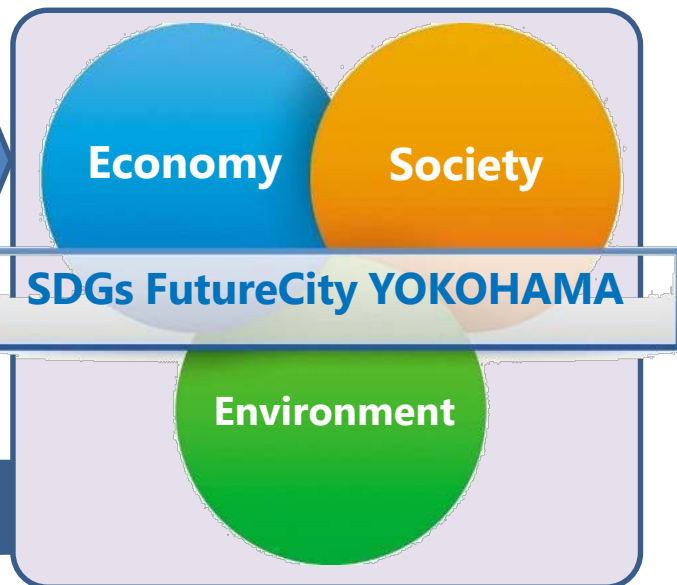

Promoting both Climate change countermeasure and SDGs are two of the most important issues for realizing sustainable future.

◆ **Basic stance: take actions that are conscious of SDGs in all policies**

- **Integration of Three Aspects: Economy, Society and Environment**
- **Cooperation with Various Stakeholders**
- **Sustainability**

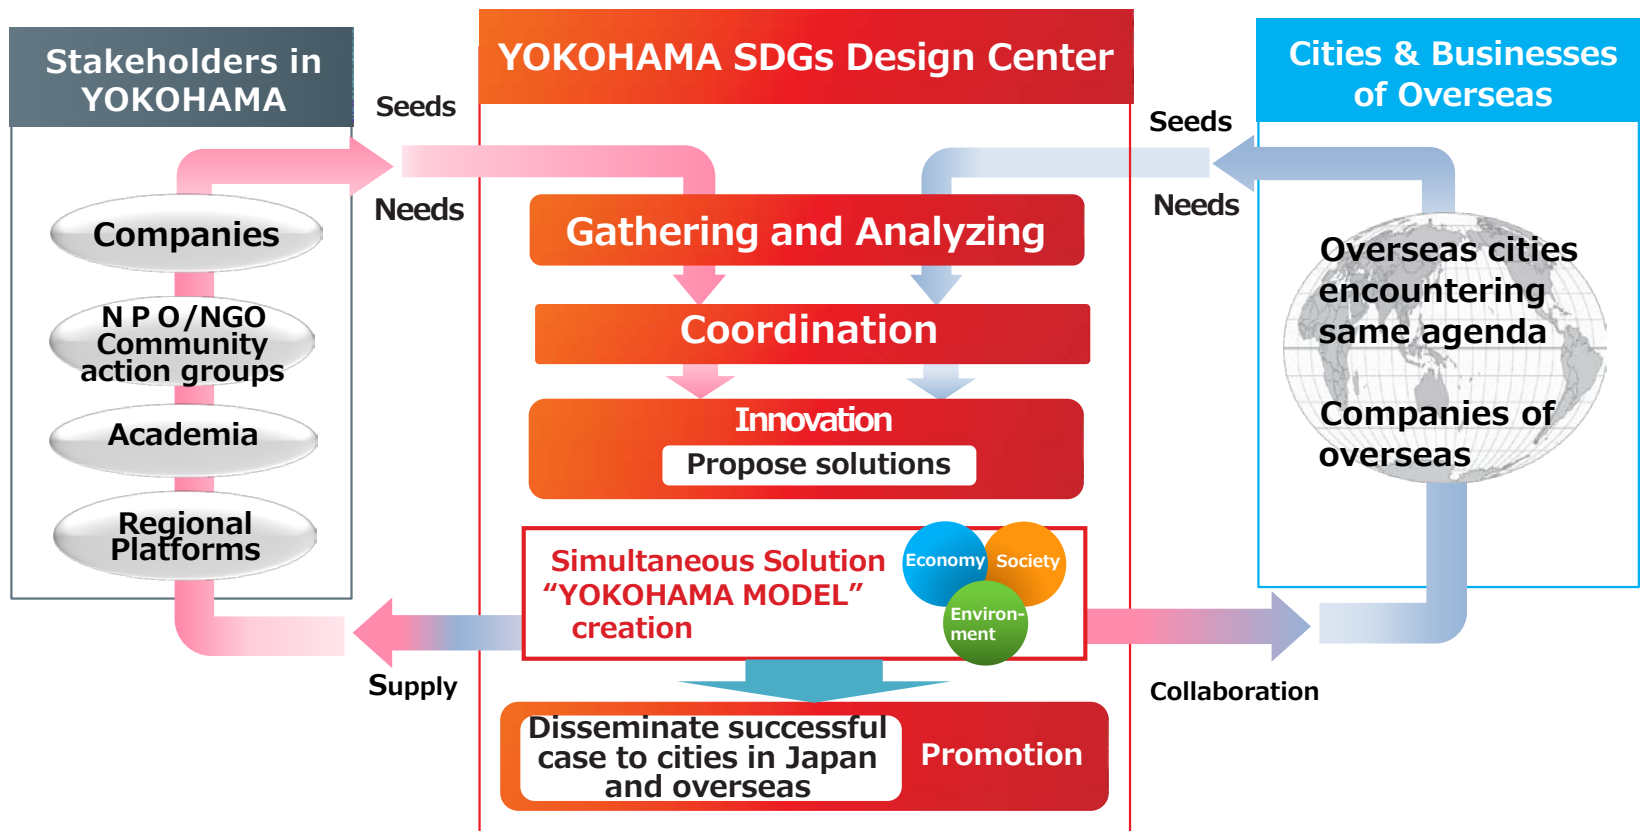

YOKOHAMA SDGs Design Center

⇒ **Yokohama City and private enterprises operate in collaboration**

YOKOHAMA SDGs Design Center

Creation of simultaneous solution “YOKOHAMA model” that creates solutions of environmental, economical and social challenges and connects needs and seeds across fields and organizations by civic collaboration.

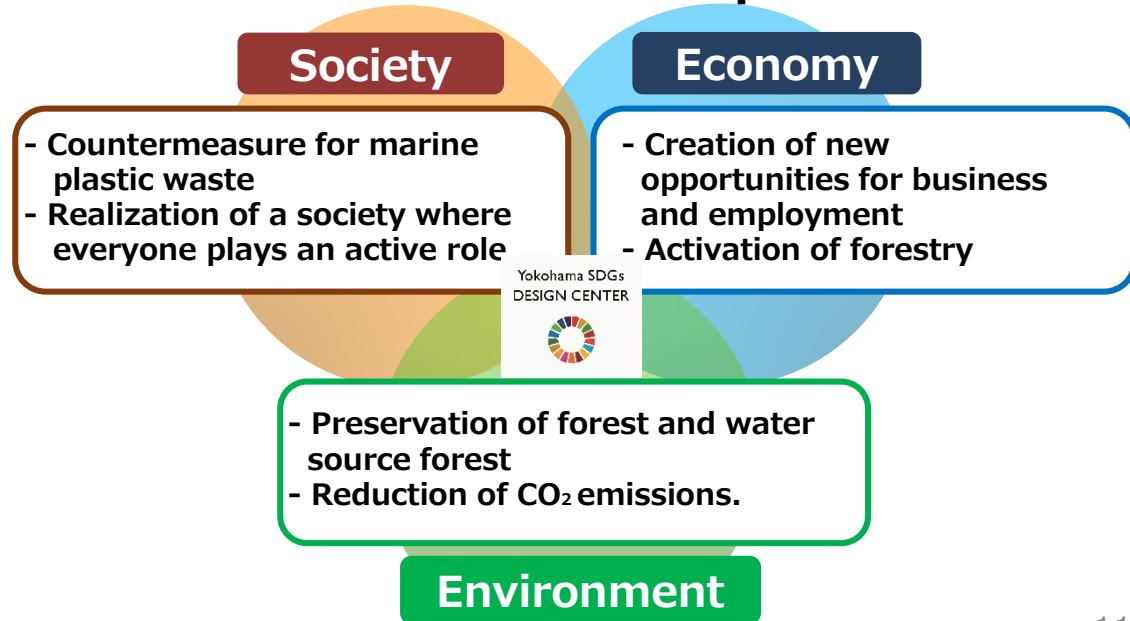

Yokohama Wood Straw Project

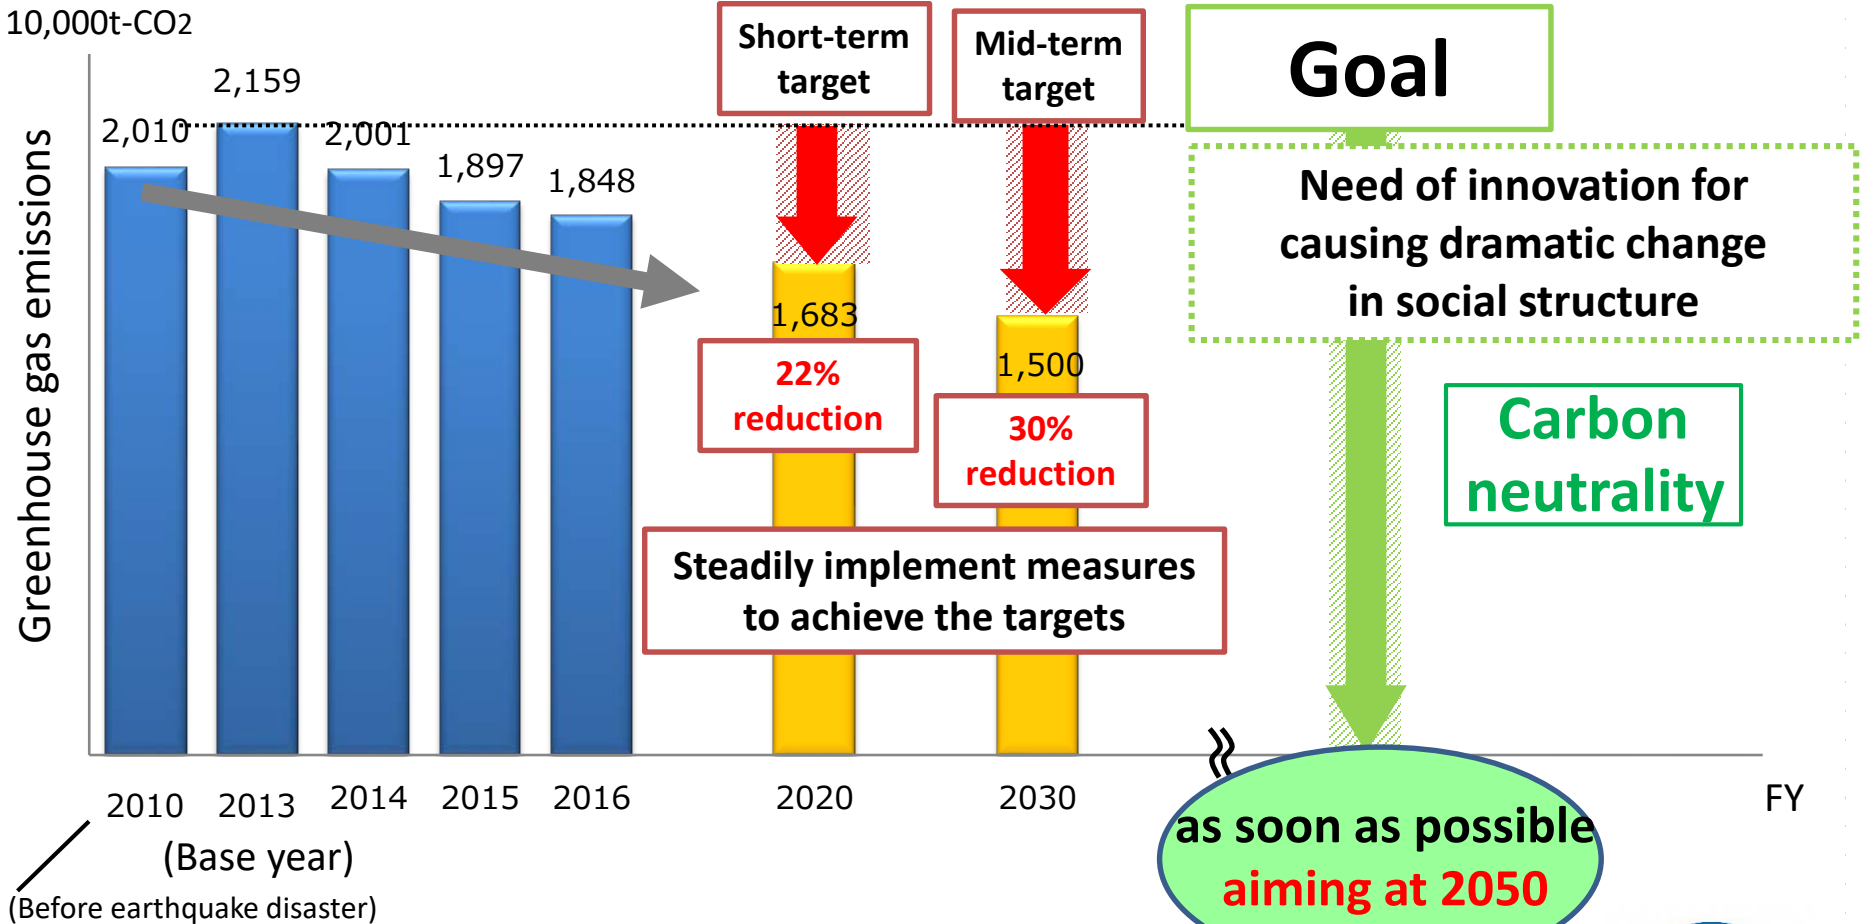

- Raising awareness project for decarbonization, marine plastic waste, forest preservation etc. by using wooden straws
- Distribute the straws to citizens in various events, introduce them to local businesses, aiming at local production and local consumption

Expected effects in environmental, economical and social aspects

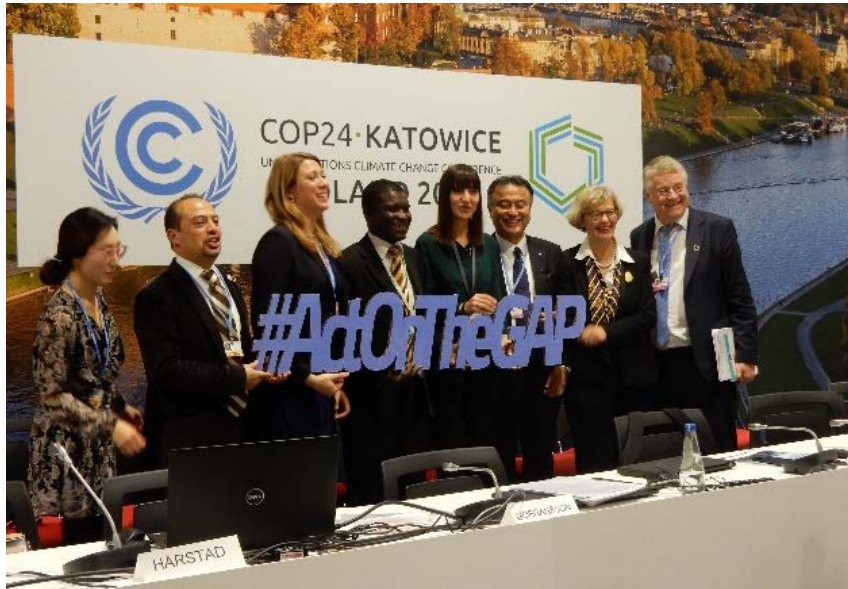

Zero Carbon Yokohama

Yokohama aims to realize carbon neutrality as soon as possible aiming at 2050
