

9th November 2020

Thematic Track 1 9th November 2020 14:30 - 16:00

Strengthening Linkage of Voluntary Local Review (VLR) and Voluntary National Review (VNR)

Thematic Track 2 9th November 2020 16:30 - 17:45

Connecting Local and Global: Bolstering Green and Zero Carbon Cities

10th November 2020

Thematic Track 3 10th November 2020 14:30 - 16:00

Can Co-innovation Accelerate Japanese Technology Transfer to Asia?

Thematic Track 4 10th November 2020 16:30 - 18:00

Understanding SDG Synergies and Trade-offs for Sustainable, Resilient and Inclusive Development

Thematic Track 5 10th November 2020 18:30 - 20:00

Collaborative Learning & Co-creation of Sustainable Living: Responding to the Crisis and Reshaping the Way Forward

11th November 2020

Thematic Track 6 11th November 2020 12:30 - 14:00

Redesigning Local for Transformative Change: Demonstration of Circulating and Ecological Sphere (CES)

Thematic Track 7 11th November 2020 14:30 - 16:00

Waste Management in Response to COVID-19: Exploring Ways of Response and Recovery

Thematic Track 8 11th November 2020 16:30 - 18:00

COVID-19 Recovery Measures and Sustainable Transition: Redesign Towards a More Resilient and Sustainable Society

12th November 2020

Thematic Track 9 12th November 2020 12:30 - 14:00

Decentralised Wastewater Management Approach for Environmental Sustainability in the Post COVID-19

Thematic Track 10 12th November 2020 14:30 - 16:00

Transforming Asia: Challenges and Opportunities for Green Recovery Toward Net-zero Emissions

Thematic Track 11 12th November 2020 16:30 - 18:00

The Satoyama Initiative, Transformative Change, and Societies in Harmony with Nature

13th November 2020

Thematic Track 12 13th November 2020 14:30 - 16:00

From Responding to Redesigning: Using an Integrated, Coherent Approach to Building Back Better from COVID-19 and Beyond

Thematic Track 13 13th November 2020 16:30 - 18:00

The Pathway Towards Decarbonisation—Message from Scientists Towards Green Recovery
