Guiding Questions

1. What are the **biggest challenges toward net zero and resilient transition** of social systems in the ASEAN region, and what **regional cooperation actions** by what sectors or stakeholders are most urgent to advance a just and inclusive transition?
2. What do you **recommend for ACCSAP and ASEAN Centre for Climate Change** to show strategic directions, harmonise policies, advance research, empower stakeholders, and/or enhance regional cooperation actions on climate change?
3. What specific **opportunities** or **means of implementation** exist regionally or internationally to advance just and inclusive transition toward a net-zero and resilient ASEAN (e.g. finance, ASEAN's gender mainstreaming strategy)?
